Hello students!

I am glad to inform all our students, faculty and members associated with Hardayal Technical Campus (HTC) that we are bringing out a college News Letter. The college newsletter will definitely help to showcase the activities that are happening in the campus.

Not only this helps in building up teamwork but also give us competitive advantage in the fast changing global scenario. It will enhance and expose the talent base, merits and academic achievements of the faculty and students.

The composite environment will include documentation culture for the institute. This would definitely create an impact in the minds of readers, by way of providing larger visibility and dimensions to the campus. I hope that this culture of releasing newsletter continue forever and become a quote to others.
